☒ Categorical Exemption (State type and Section number): Guidelines Section 15303(c), New Construction or Conversion of Small Structures.
☐ Statutory Exemptions (State code number):

Reason why project is exempt: The project is categorically exempt pursuant to CEQA Guidelines Section 15303(c), New Construction or Conversion of Small Structures, because development of the 1,500 square foot prefabricated structure does not involve the use of significant amounts of hazardous substances and does not exceed 2,500 square feet in floor area. Additionally, none of the exceptions set forth in CEQA Guidelines Section 15300.2 are present, so a Categorical Exemption is the appropriate CEQA determination.
