News from the Town Manager

Town Council Meeting – Sept. 17

The next regular meeting of the Mammoth Lakes Town Council has been scheduled for Wednesday, September 17, 2014 in Suite Z at 6:00 p.m. Visit the [Streaming Media Archive](#) to review the previous meeting minutes or view the webcast Town Council meeting.

September Commission/Committee Meetings

Sept. 9 Recreation Commission Mtg., Suite Z, 2:00 p.m.

Sept. 10 Planning and Economic Development Commission Mtg., Suite Z, 2:00 p.m.

TRAFFIC ADVISORY: Saturday, September 6, 2014

The Mammoth Fall Century and Gran Fondo Charity Bike Ride, produced by the Mammoth Mountain Community Foundation (MMCF) will take place on Saturday, September 6, 2014. The Fall Century and Gran Fondo will once again begin from The Village but at a new starting time of 7:00 a.m. The shorter 42 Mile "Piccolo" and 70 Mile "Medio" courses also start (9:00 a.m.) and end at The Village at Mammoth rather than the Whitmore Ball Fields. Due to the extensive number of riders, area covered and for the safety of the cyclists, specific traffic control measures will be in effect.

The Town would like to notify motorists of the following traffic control measures scheduled for Saturday, September 6, 2014.

1. Lower Canyon Boulevard will be closed between Lake Mary Road and Hillside Drive from 5:00 a.m. to 8:00 p.m.
2. Between 7:00 a.m. and approximately 7:20 a.m. eastbound traffic will be delayed on Lake Mary Road and Main Street (SR 203) including northbound traffic on US 395 for the Mammoth Fall Century 100 mile ride departing from The Village.
3. Between 7:00 a.m. and 9:00 a.m. US 395 northbound from SR 203 to the junction of SR 120 will experience heavy bicycle traffic.
4. Between 9:00 a.m. and 3:00 p.m. motorists should expect heavy bicycle traffic along SR 120 east between US 395 and the Benton Crossing Road.

5. Minaret Road from Forest Trail to Main Lodge (SR 120) will be closed from 9:00 a.m. to 9:20 a.m. for the start of the shorter 42 mile "Piccolo" and 70 mile "Medio" courses. Access to Scenic Loop Road will also be temporarily closed from 9:00 a.m. to 9:20 a.m.
6. Expect heavy or increased bike traffic throughout the day for both southbound and northbound US 395 motorists between Crowley Lake and the Junction with SR 203. Please be aware of increased bike traffic on Crowley Lake Drive and potential delays.

The 2014 Mammoth Fall Century and Gran Fondo event expects approximately 1,200 cyclists in Mammoth Lakes to experience the stunning Eastern Sierra on two-wheels in support of our children's education and athletics. Cyclists will ride on highways SR 203, US 395, SR 120, and Benton Crossing Road on Saturday, September 6, 2014.

Please welcome riders to our community, share the road, and maintain three feet between you and a cyclist at all times.

Cycling Etiquette and The New Three Feet For Safety Act

The Town will be actively communicating proper cycling etiquette and the rules of the road to both motorists and cyclists when the new "Three Feet for Safety Act" goes into effect September 16, 2014.

Known as the "Three Feet for Safety Act," new state vehicle code section (21760) requires that a driver of a motor vehicle shall not overtake or pass a bicycle proceeding in the same direction on a highway at a distance of less than three feet between any part of the motor vehicle and any part of the bicycle or its operator.

Police Chief Dan Watson is urging all drivers in Mammoth Lakes to comply with the new law. "This law includes public streets and even if three feet is not possible, the motor vehicle must slow to a reasonable and prudent speed and only pass when no danger is present to the bicyclist. Failing to do so can incur a fine, regardless of a collision or not."

Chief Watson also urges all bicyclists to comply with the rules of the road, including stopping for stop signs and pedestrians, riding as far to the right as practicable, and riding in single file. Bicyclists are also encouraged to use the Town's extensive system of bike paths when possible. The Town will not be pursuing a local ordinance to implement the new law as the definition applied is very broad and includes all public streets. It should also be noted that currently the Town of Mammoth Lakes Municipal Code does not prohibit bikes on sidewalks.

Additional information about the "Three Feet for Safety Act," including violations; can be viewed online at: <http://www.dmv.ca.gov/pubs/vctop/d11/vc21760.htm>.

According to the National Highway Traffic Safety Administration (NHTSA) and the Fatality Analysis Reporting System (FARS) that details the factors behind traffic fatalities on our roads, in California (2011), the statewide percentage of bicyclist fatalities was 4.1% of all fatalities, which is nearly twice the national average of 2.1%.

FARS also identified that between 2009 and 2011, collisions between bicycles and motor vehicles are more likely to occur on local roadways than the State Highway System, and 85% of fatalities involving bicycles and 89% of severe injuries involving bicycles occurred on a local road compared to 57% of fatalities overall and 64% of severe injuries overall.

Supporting the passage of AB 1371 (Bradford) was the California Association of Bicycling Organizations (CABO). From the CABO President's point of view, "I support this bill because of my expectation, well hope, that incidences of antagonistic or clueless "buzz-backs"/scary close passing and hit from behind crashes will subside as people learn about the Three Feet for Safety Act."

Local cycling advocate and Eastside Velo (ESV) President John Armstrong hopes that someday a sign will be erected upon entering Mono County that says "We Respect People on Bikes."

ESV has over 200 active members who ride regularly throughout the Eastern Sierra. As an organization, they actively promote proper cycling etiquette and even have a short video on their website that promotes safe and responsible riding practices. Their Top 3 "Rules to Ride by..." are as follows:

1. Be courteous and share the road. Being courteous gains respect and helps make the roads safer for all cyclists.
2. Signal your intentions if you can safely do so. If you are turning, point in the direction you plan on going. If you are slowing, put your hand out behind you.
3. Be friendly. If someone is courteous to you and does the right thing, wave and smile. Everyone likes to be acknowledged for doing the right thing.

Please visit the ESV website (www.eastsidevelo.org) to review the complete list of "Rules to Ride by."

Armstrong hopes that common sense will prevail regarding the new "Three Feet for Safety Act," but understands that the best strategy for cyclist's safety is educating our motoring public.

"Many times on my bike I have been in a situation where a motorist does not slow down. The motorist powers onwards and forces a squeeze play with another vehicle and me, and guess who comes off the worst? Oftentimes I end up in the dirt or on the sidewalk."

To facilitate effective education, Armstrong recommends cyclists and motorists pick up a copy of the new "Quick Guide to Smart Cycling" distributed by the League of American Bicyclists that will be available locally this fall. This full-color, 24-page Quick Guide covers just about everything you need to know to ride a bike safely and confidently, providing an easy-to-understand resource that appeals to all demographics: prospective bicyclists, novice riders, and even seasoned pros.

To read the Smart Cycling Quick Guide online, visit this link: <http://bikeleague.org/quickguide>.

Mammoth Lakes Police Department Reserve Officer Mike Braun will be actively communicating proper cycling etiquette and the rules of the road to both motorists and cyclists within Mammoth Lakes this fall.

"Cyclists have the same rights and duties as drivers. They need to obey traffic signals and stop signs, and most importantly, need to ride with traffic, and use the rightmost lane headed in the direction they are going," stated Braun.

Officer Braun also encourages cyclists to be predictable by making their intentions clear to everyone on the road. "Signal turns and check behind you well before making a turn or changing lanes."

Above all, stay safe, stay visible and ride on the right!

For additional information regarding the new "Three Feet for Safety Act" and proper cycling etiquette, please call the Mammoth Lakes Police Department at (760) 934-2011 or contact Officer Braun at mbraun@townofmammothlakes.ca.gov.

Town Channel 51 Has Moved!

The Town's dedicated channel, TV 51 has moved to Channel 18. The move was necessitated by Suddenlink and their local programming needs. TV Channel 18 will still continue to provide access to all the Town's meetings with live and taped coverage of Town Council, and advisory body

meetings such as the Planning and Economic Development Commission and Recreation Commission. For meeting dates and times, please visit: www.townofmammothlakes.ca.gov.

Mammoth Lakes Police Department Weekly Report

Calls For Service/Officer Observations

163, including 0 business/building checks

Crime/Incident Reports

21 reports, including 5 arrests

Traffic Stops/Citations/Traffic Collisions

30 stops; 5 citations; 1 parking citation; 0 skate park citations; 1 collision

Animal Control Incidents

6 incidents; 2 reports

Wildlife

Projected Average Resort Occupancy

- Friday, September 5, 2014 = 50%
 - Saturday, September 6, 2014 = 50%
- (45% same weekend in 2013, up in 2014)

*This weekend is the Hop 'n' Sage Festival and the Mammoth Century and Gran Fondo, both on Saturday September 6th

- Sunday, September 7, 2014 = 29%
 - Monday, September 8, 2014 = 32%
 - Tuesday, September 9, 2014 = 37%
 - Wednesday, September 10, 2014 = 38%
 - Thursday, September 11, 2014 = 32%
- (28% same midweek in 2013, up in 2014)

Hotels/Motels/B&B:

- Friday-Saturday = 67%
- Sunday-Thursday = 45%

Condos:

- Friday-Saturday = 26%
- Sunday-Thursday = 17%

Outlook for the following weekend:

- Friday, September 12, 2014 = 56%
- Saturday, September 13, 2014 = 47%

Please remember that the projected occupancy is calculated in order to assist the business community with staffing levels and product ordering. The actual occupancy percentages are reported from the lodging industry to the Town of Mammoth Lakes Finance Department.

Community News

Mammoth Fall Century & Gran Fondo Returns Sept. 6

The 2014 Mammoth Fall Century & Gran Fondo returns to the Eastern Sierra on September 6, 2014. Last year, this event brought over 1000 cyclists to Mammoth Lakes, Mono County and the Eastern Sierra - most of them drove through Bishop and Inyo County on the way to Mammoth. In 2014, we hope to see that many cyclists again or more. The Fall Century and Gran Fondo will once again begin from The Village but at a new starting time of 7:00 a.m. The shorter 42 Mile "Piccolo" and 70 Mile "Medio" courses also start (9:00 a.m.) and end at The Village in Mammoth Lakes rather than Whitmore Ball Fields.

New this year is a Prologue Hill Climb Time Trial, on Friday, September 5, 2014 at 3:00 p.m. starting at the "Chain-up" area at US HWY 395 and SR 203 and finishing at the Mammoth Mountain Inn near the Gondola Building.

The Mammoth Century and Gran Fondo is a fundraiser for the Mammoth Mountain Community Foundation (MMCF) under the direction of Executive Director Lindsay Barksdale. MMCF contracts Mammoth Mountain Ski Area to produce the event. Bill Cockroft serves as the lead for MMSA and takes on the role of Event Director where he has an assembled team of professionals including ride director John Armstrong with the help of local cycling club, Eastside Velo, and many others to help produce the event.

Former pro cyclist and Assistant Editor of Road Bike Action Magazine, Neil Shirley, rode the 2013 event and wrote an online and print article about it where he stated that the Mammoth Fall Century & Gran Fondo is "on Par with Levi's Gran Fondo in Santa Rosa, CA." Levi's Gran Fondo is widely considered the "benchmark" Gran Fondo event in the US and each year sells out 7500 rider registrations. See Neil Shirley's article here:

<http://www.roadbikeaction.com/Features/content/313/7350/Being-There-Mammoth-High-Sierra-Fall-Gran-Fondo.html>

The event has averaged 40% year over year growth the last two years, and in 2013, 1050 participants came to Mammoth Lakes bringing with them the economic benefit of shopping, lodging, eating and playing in Mammoth Lakes. The goal this year is 1,400 riders!

Riders will welcome additional rest stops on the route with improved menus including vegetarian and gluten-free options and staffed by local volunteer groups and businesses including Disabled Sports Eastern Sierra, Mammoth Lakes Swim Team, Mono County Search and Rescue, Bishop High

School Broncos Football Team, MHS Baseball Team, Crowley Lake Store and the Mammoth Track Club.

1984 Olympic Gold Medalist, Steve Hegg, will be joining the Gran Fondo Ride, along with 1984 Olympic Silver Medalist, Nelson Vails. VIP packages are available with both riders.

Riders are encouraged to stay for the After Ride Party and Gourmet Buffet in The Village on Saturday afternoon. Don't miss great food, music and a vendor expo in the courtyard of The Village for the after-ride party and gourmet buffet feast! All rider participants are provided with free pictures of themselves on the ride immediately after the ride at the After-Ride Party and Gourmet Buffet Feast

Significant sponsorship support (personnel, equipment, supplies, marketing, financial and substantially discounted services and supplies) for the Mammoth Fall Century & Gran Fondo is provided by the following local businesses: Mammoth Mountain Ski Area, Town of Mammoth Lakes (Measure U), Footloose Sports, Sierra Nevada Brewing, Bonk Breaker, VisitMammothLakes.com, SkyTime Helicopter Service, Alaska Airlines, Road Bike Action Magazine, Fendon's Furniture.

A big thanks also goes out to the following agencies for working with the Mammoth Fall Century & Gran Fondo to put on a safe and well organized event: California Highway Patrol, Mammoth Lakes Police Department, Mono County Sheriff, Caltrans, Mono County Road Department, and the Town of Mammoth Lakes. Please visit www.FallCentury.org to learn more, Register for the Ride and invite your Friends!

We need your help! To sign-up to help, go to <http://www.signupgenius.com/go/8050e49afae2aa02-2014>.

34th Annual Tioga Pass Run – Sept. 7

For the 34th year, a hearty group of runners will gather at the base of Tioga Pass in Lee Vining on Sunday, September 7, 2014. Their mission: to run 12.4 miles with 3,200 feet of elevation gain to Yosemite National Park, Tioga Pass Entrance Gate. Olympic Marathon runner, Ryan Hall, set the course record of 1:20:57 in 2010. Most racers take 1 ½ to 4 hours to complete the race, including those in the walking division who leave one hour prior the runners.

Proceeds for the Tioga Pass Run go to the Mono Lake Committee, a non-profit citizens' group dedicated to protecting and restoring the Mono Basin ecosystem, educating the public about Mono Lake and the impacts on the environment of excessive water use, and promoting cooperative solutions that protect Mono Lake and meet real water needs without transferring environmental problems to other areas.

For a thoroughly challenging weekend, consider the Graniteman Challenge sponsored by the High Sierra Triathlon Club:

- Friday, September 5: Swim 1-mile at the Granite to Granite Swim
- Saturday, September 6: Bike 100-miles at the High Sierra Fall Century/ Gran Fondo
- Sunday, September 7: Run 12.4-miles at the Tioga Pass Run

For more information on the Tioga Pass Run: www.monolake.org/visit/tiogapassrun

Facebook: Tioga Pass Run

Email: Info@HighSierraTri.org

Phone: (760) 717.0176

USFS Pacific Southwest Region Begins Scoping On Revised Forest Plans

The U.S. Forest Service today announced a 30-day public scoping period to start the National Environmental Policy Act process for revising forest plans on the Inyo, Sequoia and Sierra National Forests. The scoping period begins August 29, 2014 with the publishing of the Notice of Intent (NOI) in the Federal Register. The Inyo, Sequoia and Sierra are three of eight national forests selected as “early adopters,” meaning they will be the first forests to revise their land management plans under the 2012 Forest Service Planning Rule. The planning rule provides the framework for Forest Service land management plans on national forests across the nation.

These three forest plan revisions will be completed through the development of one environmental impact statement (EIS). The final EIS will result in three separate Records of Decision and three separate forest plans. Forest Supervisors are the responsible officials for making decisions on their specific forest plans.

A “scoping period” gives the public a chance to tell the Forest Service what issues and concerns they think should be addressed in the EIS before alternatives are developed and analyzed in the EIS. Public involvement is a critical piece of this analysis and considered in the range of alternatives, which will be made available for public review and comment when drafted.

The Forest Service expects to release a draft of the EIS and alternatives for public review by spring 2015.

The EIS allows for a robust public involvement process, which begins with the scoping period announced today. Public meetings to answer questions and accept written public comment are scheduled. For the Inyo National Forest, they will be held on:

- 6:00-8:00pm - Monday, September 15, at the Dyer Community Center in Dyer, NV
- 6:00-8:00pm - Thursday, September 18, Tri-County Fairgrounds, Sierra Street & Fair Drive, Bishop, CA

The Forest Service values public participation. Communications from the public regarding this project, including commenter’s names and contact information, will become part of the public record.

Comments, including anonymous comments, will be accepted at any time. However, comments posted after the close of a designated comment period may not be given full consideration. Anonymous comments and comments submitted after the close of the final designated comment period will not provide the commenter standing for administrative review.

Scoping comments must be received by September 29, 2014 and may be submitted:

Online: <http://tinyurl.com/r5earlyadopters> (click on the “**Comment on Project**” hyperlink under the “Get Connected” topic at the right side of the webpage),

Electronic mail: R5planrevision@fs.fed.us, or

U.S. mail: Land Management Plan Revision, U.S. Forest Service, 1839 South Newcomb Street, Porterville, CA 93257.

Please remember to specify which forest or forests your comments apply to. For forest-specific information, please contact that forest directly:

- Inyo NF: Deb Schweizer at (760) 873-2427 or debraaschweizer@fs.fed.us
- Sequoia NF: Alicia Embrey at (559) 784-1500 or aliciamembrey@fs.fed.us
- Sierra NF: Dirk Charley at (559) 297-0706 x4805 or dcharley@fs.fed.us

The NOI, detailed proposed action and maps are available for review at <http://tinyurl.com/r5earlyadopters>.

For earlier information regarding forest plan revision documents and the planning process prior to the release of the NOI and scoping period, please visit the Pacific Southwest Region's planning website at: <http://www.fs.usda.gov/goto/r5/FPR>.

Timeless For 50 Years- An Enduring Legacy Of Wilderness

On Wednesday, September 3rd a uniquely American institution turned fifty years old. On this day in 1964, President Johnson signed the Wilderness Act into law. An unprecedented piece of federal legislation, the Wilderness Act created a protected network of publicly owned land "to secure for the American people of present and future generation the benefits of an enduring resource of wilderness."

The Wilderness Act defined Wilderness as public land where "the earth and its community of life are untrammelled by man, where man himself is a visitor who does not remain." The framers of the Wilderness Act, driven by increasing suburbanization and industrialization born of America's post-war prosperity, were looking to lock up a little bit of the America they grew up in. Basically, Americans who came of age in a landscape largely lacking in internal combustion, when cutting a tree took time and refrigeration meant sawdusted ice, were looking to keep a little of bit the wild places they loved around for their kids.

Anyone who lives in or travels through the Eastern Sierra today literally surrounds themselves with wild fruits of the Wilderness tree planted back in 1964. Three of the Eastern Sierra's most beloved wilderness areas – the John Muir, Minarets, and the Hoover – were part of the original class of '64. These three areas represent classic "wilderness landscapes" of rock, ice, and alpine glory. However, just as our understanding of the land evolved over the last five decades, the institution of wilderness evolved to meet changing circumstances.

In 1984, President Ronald Regan, by signing the California Wilderness Act of 1984, expanded the wilderness area west of Mammoth, known then as the Minaret further south to connect with the northern boundary of the John Muir and renamed it the Ansel Adams. As the story goes, the joining of the Ansel Adams and John Muir Wilderness areas finally foreclosed on the threat of a highway cutting through what is today some of Mammoth's best loved backcountry.

A decade later, the 1994 Desert Protection Act preserved large chunks of the previous maligned, bombed, and ignored Mojave desert as wilderness as many finally acknowledged what mystics from all cultures have known for decades – that deserts are sacred places.

Even as America's National Wilderness Preservation System evolved and expanded, myths and misperceptions about wilderness persist. A classic remains that designated wilderness areas are "closed to all people, nobody can go in there or use it." A quick trip up Rock Creek Canyon or the Duck Pass Trail or into Tuolumne Meadows quashes this notion as families fish, friends reconnect, and the hungry settle into a picnic.

The Wilderness Act was not intended to create static nature dioramas where you have to sit on the outside looking in. Just the opposite. The Wilderness Act mandates wilderness areas "shall be administered for the use and enjoyment of the American people in such a manner as will leave them unimpaired for future use and enjoyment as wilderness." Wilderness areas are places preserved for you and yours, places to love, nurture, share and steward. They are a gift from Americans past to Americans future.

On this 50th birthday of the Wilderness Act, get out and enjoy the wildness right out the back (and front) doors. Celebrate with a walk among the bristlecones of the Patriarch Grove in the White Mountains Wilderness, a day casting for Goldens in the 20 Lakes Basin of the Hoover Wilderness, a meander among the foxtail pines from Horseshoe Meadows in the John Muir Wilderness, cloud

counting from the shade of a pinyon pine in the Granite Mountain Wilderness or a day working to improve a favorite wilderness trail.

Whatever you chose, enjoyers of wilderness can know that the land they've just left will remain largely the same a half century from now thanks to that uniquely American institution of Wilderness.

Wilderness 50 Events- Celebration Of 50th Anniversary Of Wilderness Act (Which Was Signed On September 3, 1964):

- **September 6 - Virginia Lake Trail Project and Clean up**

Join Friends of the Inyo for a celebratory trail and lake clean up at Virginia Lake to commemorate the 50th anniversary of the passage of the Wilderness Act, hosted in partnership with the Humboldt Toiyabe National Forest and the National Wilderness Stewardship Alliance. Meet at Virginia Lake trail head at 9 am for a light bagel breakfast. Clean up around the lake and light trail maintenance from 9:30 am till 1 pm. Please wear closed toe shoes and work appropriate clothing. More information available via email (info@friendsoftheinyo.org) or by calling (760) 873-6500.

- **September 7- Sunset Hike and Full Moon Outing in Owens River Headwaters Wilderness**

- In celebration of Wilderness, join Friends of the Inyo for a sunset hike and picnic in the Owens River Headwaters Wilderness and watch the full moon rise over Glass Creek Meadow. Wear good hiking shoes and bring plenty of water, warm clothes, headlamp, walking stick and your own picnic. And your favorite wilderness passage to share. Light libations will be provided. Group size is limited, please RSVP. Meeting at 4 pm near trailhead and return no later than 9:30 pm. Please contact Ursula at ursula@friendsoftheinyo.org or call 760-873-6500 for more information and to RSVP.

CHP Hosts FREE Start Smart Class – Sept. 9

CHP (California Highway Patrol) Bridgeport Area would like to invite teens between the ages of 15 to 20 years old, and their parents to a free Start Smart class in Mammoth Lakes on September 9, 2014, at 5:00 P.M. The class will be provided BOTH in English and Spanish. The program is specifically geared toward reducing collisions and injuries involving teen drivers.

Lieutenant R. D. Cohan, commander of the CHP's Bridgeport Area office said "We are very excited to, for the first time, offer this very worthwhile program for our primarily Spanish speaking residents. We hope all parents with teen drivers at home will consider spending a few hours with us this evening." Individuals with questions or to register for the class should contact the CHP Bridgeport Area office at (760) 932-7995.

EASTSIDE KNOW-HOW: The Sequel

People loved the Eastside version of TED talks (see TED.com) last winter at Rafters and have asked for more. 28 Eastern Sierra experts will share their "How to..." secrets in only six minutes each on September 16 & 30, 2014. The free event, EASTSIDE KNOW-HOW: The Sequel, begins at 6:00 PM in a larger venue, Jimmy's Taverna at The Sierra Nevada Resort & Spa, 248 Old Mammoth Road, Mammoth Lakes.

Doors open at 5:00 PM. Seating is first-come, first-served. Special tasting menu available. INFO: Jess Karell, Special Events Manager, The Sierra Nevada Resort & Spa: (760) 934-2515, ext. 312 or (760) 965-8550.

Sept. 16 "How to..."

Learn how “to deliver on local infrastructure: from the need to construction” (Haislip Hayes), “to be a great amateur actor” (Allison Page), “to win a Freeride Snowboard/Ski Competition” (Steve Klassen), “to photograph extreme adventure sports” (Christian Pondella), “to talk to Mayflies: a guide to assessing Sierra stream quality” (Bruce Medhurst), “to ride a bike at altitude without puffing or sweating” (John Armstrong), “to change shoes while the clock is running: TRIATHLON 101” (Sally Gaines & Liz Fleming), “to feed your body to support your Sierra lifestyle” (Lynn Altieri-Need).

Sept. 30 "How to..."

Learn how “to leverage Digital 395” (John Wentworth), “to train for mountain warfare” (USMC Captain Dane Sagerholm & Staff Sergeant Keola Lee), “to survive Manzanar” (Stephen Kobayashi, M.D.), “SAR goes from call-out to search to rescue” (Jeff Holmquist), “to get a forward medical team to the heart of the next disaster—in 72 hours!” (David Page), “to survive an avalanche” (Neil Satterfield), “to write the Eastside” (David Carle), “to live where you work—when home is an art gallery” (Robert Joki), “to live local and engage global” (Katharine Allen).

Doors open at 5:00 p.m. Seating first-come, first-served. Special tasting menu available. Jimmy’s Taverna at The Sierra Nevada Resort & Spa, 248 Old Mammoth Road, Mammoth Lakes. INFO: Jess Karell, Special Events Manager, The Sierra Nevada Resort & Spa, (760) 934-2515, ext. 312 or (760) 965-8550.

“All the Great Books” OPENS Sept. 18

“English class meets Monty Python” The Washington Post

Los Angeles Director, Drina Durazo returns to the Edison Theatre in Mammoth Lakes this month to direct All the Great Books (Abridged).

If you liked Every Christmas Stories Ever Told (And then some), directed by Durazo last season, then this hysterical romp through all the great literature featuring a cast of thousands--but only three men, is the show for you.

Brian Stanton and Mark Atha, two of the three actors from last year’s Christmas comedy, as well as cast members of Greater Tuna and The Bible: The Complete Word of God (Abridged), that Mammoth theatre goers will remember from previous Edison Theatre seasons, are joined by Doug Haverty to play a zany cast of characters in this comedic literary romp.

The audience is taken on a ninety-eight minute roller coaster ride of literary proportions that hurtles through eighty-six of the greatest books of all time.

“Actual greatness may vary,” say the ‘Bad Boys of Abridgement’.

Written by Reed Martin & Austin Techiner with additional material by Matthew Croke & Michael Faulkner, All the Great Books, (Abridged) has delighted audiences worldwide.

When you need only a little of Little Women or significantly less Crime and Punishment and when a Death in Venice is more than you want to know or if you’re just thoroughly confused by Confucius then these may be the best Cliff Notes you’ll ever get. You may not remember every detail of every book you ever read (or were supposed to read in school), but this “class syllabus” as the troupe calls it, is something you won’t soon forget.

Drina Durazo brings a wealth of experience to this production at the Edison Theatre in Mammoth with numerous credits and awards to her name. She is a current company member of The Group Rep at the Lonny Chapman Theatre in North Hollywood where she directs and produces stage productions. Her stage credits include: as Director- Yellow Brick Ride, Moon Over Buffalo, Hotel

Paradiso, I Sing Walt Whitman; as Producer- Sherlock’s Last Case, Awake and Sing, I Sing Walt Whitman; as Assistant Director- The Trip to Bountiful, The Poor of New York, And Then There Were None, and A Kind of Alaska.

Durazo’s talent is not limited to the stage with a recent film credit as Producer of Hell’s Belles, which won 18 film festival awards and garnered Durazo the Best Producer Award. Her name also appears as Producer on the film The Meme, which is making the rounds of film festivals this year.

As a member of I.A.T.S.E. Local 33 (International Alliance of Theatrical Stage Employees) Durazo performs various staging services in Theatre and Television and some of her recent Television credits include: The Tonight Show with Jay Leno, General Hospital, and The 2013 Primetime Emmy’s.

All the Great Books (Abridged), the second show of the Edison Theatre 2014-2015 season, opens on Thursday, September 18th and runs through Sunday, September 28th at the Edison Theatre in Mammoth Lakes.

FACT SHEET:

What:	All the Great Books (Abridged)
When:	September 18 – 28, 2014 / Thurs. – Sat. @ 7pm Sun. @ 4pm
Where:	Edison Theatre/100 College Parkway across from Cerro Coso
How much:	In advance: \$20/18/10; At the Door: \$22
Purchase/Information:	www.EdisonTheatre.org and (760) 934-6592

Recreation Department Highlights

Adult Coed Dodgeball This Fall at The Reczone

The Recreation Department is bringing back Dodgeball! Games will be held every Monday and Wednesday at the Mammoth RecZone beginning at 5:30 p.m. This will a great time under the lights at the RecZone (adjacent to the library) with music, fun and more! Games commence September 3 and wrap up on September 29, 2014. Fee is only \$84 per team. Teams must have at least 4 men and 2 women on the court at all times.

Whitmore Pool Closes For Lap Swim Sept. 5

Lap swimming is offered Monday to Friday from 6:30 - 8:30 a.m. and every Tuesday and Thursday afternoon from 5:30 - 7:00 p.m. through September 5, 2014. Call the pool phone at (760) 935-4222 or visit www.mammothrecreation.com for all the details.

Tennis Lessons Extended To Sept. 25

Drop-in sessions and private lessons have been extended through September 25. Kyle Osland - former Head Coach at the Nick Bollettieri IMG Tennis Academy and Varsity Husky Tennis Coach is offering group sessions every Tuesday and Thursday afternoon for juniors and adult. Kyle is also available for private lessons. For additional information or to schedule a private with the pro, please email Kyle or call (619) 200-2150.

Drop-in Tennis Sessions:

Private Lessons

Who: Anyone!
Time: 1:30 - 2:30 p.m.
When: Tuesday & Thursday
Dates: End Sept. 25
Cost: \$35/hr.

Junior Tennis Pros

Who: Ages 7-12
Time: 2:30 - 3:30 p.m.
When: Tuesday & Thursday
Dates: July 8-Sept. 25
Cost:\$10 per session

Adult Drill Clinic

Who: Int./Adv.
Time: 3:30 - 5:30 p.m.
When: Tuesday & Thursday
Dates: July 8-Sept. 25
Cost: \$10 per session

FIVE PUNCH CARD: Buy a 5 lesson punch card for only \$50 and get the 6th lesson FREE!

Gymnastics/Tumbling Program

Join Melissa and Kari, our level 5 gymnastics coaches at the Mammoth Lakes Community Center for the following classes:

- * 3 yr. olds Saturday: 8:30 - 9:15 a.m.
- * 4-5 yr. olds Saturday: 9:15 - 10:00 a.m. & Tuesday: 5:00 - 5:45 p.m.
- * 5-8 yr. olds Saturday: 10:00 - 11:00 a.m.
- * 8-12+ yr. olds Tuesday: 6:00 - 8:00 p.m. (invitation only)
Friday: 4:30 - 6:00 p.m.
Saturday: 11:00 a.m. - 12:15 p.m.

Five session punch card for \$60, drop-ins welcome at \$15 session. Want to try it out? Try your first session for free! Please call (760) 934-8989 x222 for more information or visit 'Mammoth Gymnastics' on Facebook.

Pickleball Is Now In Mammoth Lakes!

Join in and learn the fastest growing sport in America - easy to learn, fun to play and FREE! Pick-up games are scheduled every Tuesday from 4:30 - 6:30 p.m. at the Community Center Tennis Courts. For additional information please contact Bob or Tess Meggs at (530) 277-0199.

- Sept 25 Drop-in Tennis Lessons at Community Center Tennis Courts
- Oct. 24 Halloween Skate Party at the Mammoth RecZone
- Nov. 28 Mammoth Ice Rink scheduled Opening Day
- Dec. 5 Annual Christmas Tree Lighting Ceremony

Public Service Announcements

Desert Springs Trout Farm to Stock Trout in Mammoth Lakes this Year

As fishing opener nears, the latest angling news in the Eastern Sierra is that the Town of Mammoth Lakes and Mammoth Lakes Tourism are working with Desert Springs Trout Farm for fish stocking in the Mammoth Lakes Basin for 2014.

“Conway Ranch’s water issues are very unfortunate, but luckily we have found a solution for this year with Desert Springs,” explained Mammoth Lakes Tourism Executive Director, John Urdi.

Desert Springs will provide at least 11,000 pounds of fish compared to the 7,600 pounds (nearly a 45 percent increase year over year) the Lakes Basin received last year, which means anglers will have an even greater opportunity to land a big one this summer.

“The fish that will be stocked in the Lakes Basin would be the same types of trout that Eastern Sierra anglers have caught in the past, from browns to rainbows, etc.,” said David Mcfarland, partner of Desert Springs Trout Farm. The trout will also be the trophy-sized, 3-5 pounders to which Eastern Sierra anglers are accustomed.

“Not only will we continue to have frequent fish stocking, but in the Mammoth Lakes Basin we will have even more fish,” Urdi continued. The extra fish are coming from a combination of Town of Mammoth Lakes and Mammoth Lakes Tourism funding.

The extra fish mean the lakes will continue to be stocked well into October ensuring great fishing opportunities through the end of the season on Nov. 15. Anglers visiting in the fall at the end of the season will have just as good of a shot to catch a huge fish as someone visiting earlier.

As always, anglers 16 years of age and older must have a fishing license. You can purchase an annual, one-day or two-day fishing license (valid for two consecutive calendar days). Information concerning license requirements, places to purchase and fees maybe obtained from the [Department of Fish & Wildlife](#) or by calling 760-934-2664. Fishing licenses may be purchased in several locations around the town of Mammoth Lakes.

Sierra Conservation Project and Town of Mammoth Lakes Partner to Expand Condominium and Business Recycling Program

The Sierra Conservation Project, Inc. (SCP) and Town of Mammoth Lakes are pleased to announce the expansion of the current condominium, commercial and recreational area recycling programs in the Town of Mammoth Lakes.

"This long-standing and successful partnership between the Sierra Conservation Project and the Town enabled us to submit and receive a substantial \$108,000 CalRecycle grant to expand on-going recycling programs within the community that benefits our residents, visitors and wildlife," stated Peter Bernasconi, Acting Public Works Director for the Town of Mammoth Lakes.

The Sierra Conservation Project is working in partnership with the Town of Mammoth Lakes and the Department of Resources Recycling and Recovery (CalRecycle) to provide an additional 30 bear proof containers to the remaining Condominium complexes in town that currently don't have a recycling program in place. In addition, CalRecycle grant funds will enable SCP to upgrade all commercial bear proof containers at restaurants, bars and other business locations in town, including the enhancement and placement of recycling infrastructure in the Lakes Basin and at key park locations in Mammoth Lakes, such as the Whitmore Recreation Area and Shady Rest Park.

Recyclable materials make up a large percentage of the waste produced in our residential complexes and businesses," stated Brian Robinette, owner of SCP. "These community-based programs aim to divert recyclable materials from our local landfill, while also educate our residents and visitors on the need for convenient recycling programs. We are confident that by providing start-up infrastructure for these complexes and businesses it will help make program implementation affordable and reduce the environmental impacts of each resident and guest," said Robinette.

To register for the Condominium Recycling Program, please visit www.recyclesierra.com or www.Townofmammothlakes.ca.gov.

For additional information on the **Condominium and Business Recycling Program**, please contact Sierra Conservation Project at (760) 914 0115 or e-mail Brian@recyclesierra.com.

Would You Leave A Loaded Gun on the Floor?

If you have children in your home, hopefully you would not! However, a new threat to the health of our children is emerging. These are e-liquids, sold legally in stores and online in small bottles that may be carelessly and casually left around the house, used for the regular re-filling of e-cigarettes.

The danger is from the nicotine content in these vials of "juice". Children can happen upon a vial and ingest it. These fluids come in flavors and bright colors that are attractive for kids – cotton candy, cherry, chocolate, and bubble gum among others. In addition, nicotine is absorbed through the skin, presenting a risk from a broken vial.

Electronic cigarettes, called e-cigarettes, are drug delivery devices originally designed to look like regular tobacco cigarettes. Now they are larger reusable gadgets that can be refilled with liquid, generally a mixture of nicotine, flavorings, and solvents. It is estimated that roughly four million Americans use these battery powered devices. They have been hailed by proponents as a way for addicted smokers to get their nicotine fix without sucking in the thousands of carcinogens found in traditional cigarettes.

However, the evidence of their effectiveness in assisting persons in weaning off their nicotine addiction is less than stellar. In addition, evidence is rapidly mounting that they are serving as a "gateway" for young teens into the world of nicotine addiction. A recent study found nearly 1.8 million youth had tried e-cigarettes, and the number of middle and high school e-smokers doubled in one year. No wonder the industry targets the young who will be potential customers for decades to come! Their goal – to have the number of e-smokers quadruple in the next few years.

So how bad is the risk of exposure? Nicotine is a naturally occurring powerful neurotoxin, and in its potent liquid form, can be ingested or absorbed through the skin. Tiny amounts can cause vomiting, seizures, and even death. A teaspoon of even the highly diluted liquid can kill a small child.

A dose of 50 to 60 milligrams (mg) is potentially fatal for an adult; a 30 pound child could die from 1.36 mg. A vial of e-juice as commonly sold in retail stores is 17 milliliters, and with a 2.4% concentration would have 408 mg of nicotine. This year it is estimated that 1 to 2 million LITERS of liquid will be sold, much of it on the Internet. A liter of 10% concentration costs about \$110, a gallon \$195, and one company even offers a 55 gallon drum!

Nationwide, reports of accidental poisonings linked to e-liquids in 2013 jumped 300% from 2012, and is on pace to double again this year. Most cases are under the age of 4. A shop owner says that "We tell them that this stuff is poisonous. We do everything we can to protect the consumers, but at the end of the day, you leave a loaded gun on the floor, and your child gets hold of it, it's not gonna be the gunmaker's responsibility." A CEO of e-cigarette franchises says "It's the wild, wild west right now." There is no FDA regulation so far. So at the moment, if you are a user, your child has to go no farther than your own home to find a lethal dose of poison. Be aware of the risks, and keep vials out of reach. You are responsible for the safety of your children.

Governor Brown Declares Drought State of Emergency

With California facing water shortfalls in the driest year in recorded state history, Governor Edmund G. Brown Jr. today proclaimed a State of Emergency and directed state officials to take all necessary actions to prepare for these drought conditions.

"We can't make it rain, but we can be much better prepared for the terrible consequences that California's drought now threatens, including dramatically less water for our farms and communities and increased fires in both urban and rural areas," said Governor Brown. "I've declared this emergency and I'm calling all Californians to conserve water in every way possible."

In the State of Emergency declaration, Governor Brown directed state officials to assist farmers and communities that are economically impacted by dry conditions and to ensure the state can respond if Californians face drinking water shortages. The Governor also directed state agencies to use less water and hire more firefighters and initiated a greatly expanded water conservation public awareness campaign (details at saveourh2o.org).

In addition, the proclamation gives state water officials more flexibility to manage supply throughout California under drought conditions.

State water officials say that California's river and [reservoirs](#) are below their record lows. Manual and electronic readings record the snowpack's statewide water content at about 20 percent of normal average for this time of year.

The Governor's drought State of Emergency follows a series of actions the administration has taken to ensure that California is prepared for record dry conditions. In May 2013, Governor Brown issued an [Executive Order](#) to direct state water officials to expedite the review and processing of voluntary transfers of water and water rights. In December, the Governor formed a [Drought Task Force](#) to review expected water allocations, California's preparedness for water scarcity and whether conditions merit a drought declaration. Earlier this week, the Governor toured the Central Valley and spoke with growers and others impacted by California's record dry conditions.

Mammoth Lakes Police Department Implementing Reserve & Volunteer Program

In an effort to off-set some of the impact resulting from the loss of 7 sworn officers, the Mammoth Lakes Police Department has been moving forward on developing Reserve and Volunteer Programs, and evaluating various forms of technology to help make the MLPD more efficient and effective. The following are some of the programs the MLPD is moving forward on:

RESERVE OFFICER PROGRAM

On February 6, the Town Council approved the establishment of pay scales for Reserve Officers. The pay will be:

- Level 1 Reserve - \$25/hour
- Level 2 Reserve - \$23/hour
- Level 3 Reserve - \$20/hour

Providing pay for Reserve Officers will make the MLPD competitive with other local agencies that have reserve programs and serve as a recruitment and retention tool.

Anyone interested in learning more about the MLPD Reserve Program should contact Sergeant Marc Moscovitz at (760) 934-2011.

VOLUNTEER PROGRAM

Many police departments benefit from active volunteer programs where trained volunteers assist police personnel by staffing front counters, completing reports, and providing community patrols. Retired Sergeant Karen Smart has agreed to manage the MLPD's volunteer program. At some time in the future, information will be released about the types of volunteer work available and the selection criteria. Anyone interested in volunteering with the MLPD should be on the look-out for a news release announcing the start of the program.

TECHNOLOGY

The MLPD is moving forward with technological advances on several fronts. They include:

- An on-line reporting system where certain crimes can be reported on-line.
- An on-line crime and traffic report purchase program where victims of crimes and parties in traffic collisions can purchase copies of reports on-line.
- Access to surveillance cameras at the North Village.
- Surveillance cameras at the Volcom Brothers Skatepark.

The MLPD is also exploring other technology that will make the Police Department more effective in addressing crime, the fear of crime, and quality of life issues.

Free, Real-Time Property Information Now Available!

The Town of Mammoth Lakes and Mono County are proud to present ParcelViewer, the Town and County's official web-based property information system. This free, public, on-line service can be relied upon to provide convenient, accurate and up-to-date information, based on the official Assessor's data-base. Use ParcelViewer to view and print customized parcel information and maps, including:

- Zoning Information
- Property Addresses
- Complex Names/ Condo Unit Numbers
- Parcel Lines*
- Valuation Data
- Acreage
- Aerial imagery of surrounding properties and more!

Visit Parcel Viewer today at <http://gis.mono.ca.gov/parcelviewer/>

Transient Occupancy Tax (TOT) Frequently Asked Questions

Some of the most frequently asked questions about legal rentals and Transient Occupancy Tax (TOT) are:

1. What is a transient rental?

A transient rental is any unit that is occupied for the purpose of sleeping, lodging, or similar reasons for a period of 30 consecutive days or less in exchange for a fee or similar consideration.

2. Can I rent my unit as a transient rental?

Only some zones within the Town of Mammoth Lakes permit transient rentals. The following zones permit transient rentals:

- RMF-2 (Residential Multi-family 2)
- CL (Commercial Lodging)
- CG Commercial General)
- R (Resort, including master plan areas)
- SP (Specific Plan, including North Village and Clearwater)

This list is intended as a guide only. Although the above zones permit transient use generally, other regulations, such as those found in master plans, CC&Rs, or project conditions of approval may prohibit transient rental within a particular development. Generally, transient rental of single family homes is prohibited. A zoning map can be found on the Town's website.

3. What is transient occupancy tax (TOT)?

Transient occupancy tax, or TOT, is a 13% tax that is charged "for the privilege of occupancy of any transient occupancy facility." The tax is required to be paid to the operator of the transient occupancy facility at the time the rent is paid. It is the operator's responsibility to remit the TOT to the Town.

4. Do I need to pay TOT?

If you are renting your unit as a transient rental, even if it is only for one weekend a year, you need to pay TOT. This includes single family homes and other units that are

not permitted to rent nightly, but may be doing so illegally. TOT shall be remitted for each night the unit is rented.

5. Do I need a business tax certificate?

Yes, if you are renting your unit on a transient basis.

6. Do I need a transient occupancy tax certificate?

Yes. You are required to purchase a transient occupancy certificate for each rental unit to post in your transient rental property. This is included as part of Schedule E or F in the business tax certificate application.

7. What is the difference between a business tax certificate and a transient occupancy tax certificate?

Business tax is an annual tax and is required for all business activity. The transient occupancy tax certificate is a one-time purchase that is non-transferable. This certificate is required to be posted in your transient rental unit.

8. Do I need a business tax certificate if all of my rentals are handled through a reservation company?

If all of your rentals are handled through a reservation company, most reservation companies will purchase the transient occupancy tax certificate and collect and remit the TOT to the Town. You may wish to check with your reservation company to confirm that this is being taken care of. If you rent your unit by owner in addition to renting with a property management company, you are also required to obtain a separate business tax certificate and transient occupancy tax certificate.

9. How do I apply for a business tax certificate?

The Town's website contains information regarding business tax certificates, including an application for a business tax certificate: <http://www.ci.mammoth-lakes.ca.us/index.aspx?NID=182>. Transient Rentals fall under schedule F for condominium rentals and schedule E for hotels, motels, lodges, and campgrounds. This application can be mailed back to the Town, or submitted in person. The total cost for one unit is \$118.00 (\$65.00 application fee, \$5.00 planning review fee, \$25.00 fee to rent one unit, \$23.00 TOT certificate fee). Additional costs apply for additional units. Business tax certificates are required on or before the first day business commences; penalties will apply for late filings. If you have additional questions regarding this process please contact the Finance Department at (760) 934-8989 ext. 273.

10. Do I have a business tax certificate?

To find out if you have a valid business tax certificate on file, please contact the Finance Department at (760) 934-8989 ext. 273 or your property management company.

11. What is illegal rental activity?

Illegal rental activity is any rental activity that is not consistent with the Town's Zoning Ordinance, or any rental activity that is not compliant with the Transient Occupancy Tax Ordinance. This can include transient rental of units located in zones that prohibit transient rentals. It can also include transient rentals in a zone where it is permitted, but when the TOT is not remitted to the Town.

12. How can I report illegal rental activity?

If you suspect illegal rental activity, you may submit an anonymous tip via the Town's TOT hotline at (760) 934-8989 ext. 275 or on the Town's website via the Transient Occupancy Tax information page. Please include any information that you have that would substantiate the claim, along with the property address and owner's name if you have it. You may also email tot@ci.mammoth-lakes.ca.us. Note that emails are not anonymous, however, staff will do its best to keep your information private.

13. Questions & Anonymous TOT Hotline

If you have questions about TOT enforcement, or if you would like to report suspicious activity or rental advertisements please contact our anonymous hotline. The Town will follow-up on any reports submitted. The Hot Line Number is (760) 934-8989 ext. 275 or email your information to: TOT@ci.mammoth-lakes.ca.us.

Register for CodeRED

Residents of Mono County can register their cell phones to receive emergency CodeRED (reverse 911) alerts from Mono County. This is a county public service available to all Mono County residents so please tell your friends and neighbors in Mono County that they can register for this service. CodeRED announcements are for personal notification and will not replace CERT CAHAN notification. Here is how to sign register/sign up using the INTERNET:

- Go to monosheriff.org
- Scroll down left side panel to CodeRED community notification system;
- Click on it and follow directions.

Town Outdoor Lighting Ordinance

In 2003, the Town implemented an outdoor lighting ordinance to eliminate light pollution and preserve views of our starry skies. The outdoor lighting ordinance was adopted to encourage residents to administer a lighting system that not only promotes public safety and night-time ambiance but to maximize energy conservation. To eliminate glare and light trespass into neighboring properties and roadways, the outdoor lighting fixtures on your property should be shielded and re-directed to shine downward or changed out to a lower wattage. More information about responsible lighting can be found at www.crlaction.org.
