

Resilient Mammoth Lakes Community Workshop

The Town of Mammoth Lakes is hosting a community workshop for its Resilient Mammoth Lakes Project on **Wednesday, January 16, from 2:00 p.m. to 4:00 p.m.** in the Town Council Chambers/ Suite Z (437 Old Mammoth Rd.).

This community meeting is a chance to:

- Learn about the project and provide local perspectives on issues discussed
- Understand how the project will benefit the community
- Engage in discussions about how climate change can affect our Town and our region
- Help identify ways to make the Town more resilient

The workshop will be held in an open house format and will begin with a short presentation to introduce the project and provide an overview of the workshop objectives.

The Resilient Mammoth Lakes project will create a set of climate adaptation strategies and will update the Safety and Housing Elements of the Town's General Plan. The intent of the project is to make the Town more resilient to a changing climate, help us adapt to future conditions and uncertainties, and improve the economy and quality of life for residents and businesses within the community and surrounding areas.
