Free Public Educational Presentation with Paul Armstrong Director of Code Compliance Services for TRB+Associates

This presentation will highlight significant California Residential Code and other Building Code changes that take effect statewide on January 1, 2020 for the upcoming 2019 Building Code Cycle. Contractors, builders, engineers, architects, building designers and other individuals who are in the construction industry are encouraged to attend this presentation.

The instructor, Paul Armstrong, has an accomplished background in the building code arena. He has presented code information statewide to large professional groups for many years, and is the author of the Significant Changes to the California Residential/Building Codes books. These books are the official publications of the International Code Council (ICC), which is the organization that publishes the California State Codes.
